The Ashe County Christmas Tree Association

Welcomes you to Fraser Fir Country!

The Fraser Fir is the dominant tree grown in Ashe County. Fraser Firs are prized as Christmas trees because of their aroma, shape, dark green color, excellent needle retention and strong branches capable of carrying heavy ornaments.

This directory advertises growers and buyers of a wide variety of Christmas tree species, nursery stock, B&B stock, and decorative Christmas greenery.

Facts about "real" Christmas trees

- Christmas trees are 100% biodegradable and recyclable.
- Christmas trees are adaptable. They grow on marginal lands that are unsuitable for other crops.
- Christmas trees help remove excessive carbon dioxide and other gases from the atmosphere, which are contributing to the "green house effect".
- One acre of Christmas trees produce that daily oxygen requirements for 18 people.

Ashe County Christmas Tree Association, Inc.
 PO Box 966
 Jefferson, North Carolina 28694
 336-219-2650

Board of Directors	2
Growers	3
Buyers	17
Choose & Cut	19
Allied Businesses	22

The purposes of this organization are:

- 1) To advance the interests of the Christmas tree industry.
- 2) To collect, preserve, and circulate valuable and useful information relating to the business of the Christmas tree industry.
- 3) To promote research intended to improve the production, handling, marketing, use and maintenance of Christmas tree related items.
- 4) To promote the betterment of markets for Christmas trees and related items.
- 5) To facilitate the dissemination of accurate information between the members of this association and the general public.
- 6) To promote the best interest of people engaged in the Christmas tree industry.

**This association shall be a non-profit corporation and shall issue no stock.*

This directory is a cooperative project of the **Ashe County Christmas Tree Association, Inc.** and the **North Carolina Cooperative Extension Service.** Listed below are members' selling offers and buying needs for 2006. The following abbreviations are used:
