**Planning Your Visit to a Choose & Cut Farm**

Be prepared for an adventure!  
Make sure you wear proper clothing, especially foot wear. If you plan to cut your own tree, bring gloves. Many farms offer refreshments, but not all. Have water on hand. Also consider that not all farms have restrooms.

Be aware of your surroundings.  
Many farms try to keep their fields well-groomed, but it is an outdoor adventure, which means there will be the stray tree stump or blackberry vine or ant hill. In Ashe County, the most popular tree variety is the Fraser fir. Fraser fir grow best on a slope, so be prepared to walk on an incline.

Become familiar with the farm.  
All farms are different. Some will cut the tree for you, others will expect you to cut the tree yourself. Some will charge you by the foot, others by the individual tree. Some will take credit cards, others only cash. Call ahead or visit the farm website to learn more about the farm you plan to visit.

Be open to even more fun!  
Ashe County has so many wonderful restaurants, shops, and places to stay. Visit the Ashe Chamber website at [www.AsheChamber.com](http://www.AsheChamber.com) to plan your visit.
