

Planning Your Visit to a Choose & Cut Farm

Be prepared for an adventure!

Make sure you wear proper clothing, especially foot wear. If you plan to cut your own tree, bring gloves. Many farms offer refreshments, but not all. Have water on hand. Also consider that not all farms have restrooms.

Be aware of your surroundings...

Many farms try to keep their fields well-groomed, but it is an outdoor adventure, which means there will be stray tree stumps or blackberry vines or even ant hills. In Ashe County, the most popular tree variety is the Fraser Fir. Fraser Firs grow best on a slope, so be prepared to walk on an incline.

Become familiar with the farm...

All farms are different. Some will cut the tree for you, others may expect you to cut the tree yourself. Some will charge you by the foot while others by the individual tree. Not all farms take credit cards so bring cash. Call ahead or visit the farm's website to learn more about the one you are going to visit.

Be ready for more fun and adventures...

Ashe County has so many wonderful restaurants, shops, galleries and places to stay. To plan your adventure in Ashe County, visit www.AsheChamber.com.
